

SURFACE & DÉCOR CLEANING

KAY® Power Pad

CLEANER. FASTER. SAFER. The Power Pad eliminates stubborn stains on walls, doors, countertops and more. It works quickly and is gentler on surfaces than harsh, abrasive cleaners or scrub pads. The scrubbing action of the pad removes stains, and its blue durability strip is designed to improve performance and prolong use.

Simple to use. Wet pad and squeeze out excess water. Use moistened pad to gently buff away stains. Wipe with a clean, sanitizer-soaked cloth. Rinse with clean water, squeeze dry and store.

The Power Pad may also be used with cleaning products for enhanced performance. Pad can be reused multiple times.

Example applications:

- ▲ Counters
- ▲ Tabletops
- ▲ Graphics and walls (except wallpaper)
- ▲ Baseboards
- ▲ Exterior furniture
- ▲ Interior seating

Effectively removes:

- ▲ Juice, coffee and other beverage stains
- ▲ Mustard and ketchup
- ▲ Permanent marker
- ▲ Crayon
- ▲ Ink
- ▲ Scuff marks

Do **not** use on food preparation equipment, stainless steel, or on heavily soiled, greasy surfaces. Always test in an inconspicuous area prior to full-surface cleaning.
