**ECOLAB REDUCES THE RISKS
ASSOCIATED WITH INFECTIOUS FLUIDS
IN CLINICAL ENVIRONMENTS**

Bio-hazardous liquids in the clinical environment represent one of the most difficult to contain sources of potential contamination for healthcare workers and patients. Ecolab fluid control products help assure increased safety in handling infectious liquids. Each product is easy to use and cost efficient.

.....

Discover the Solid Solutions to Fluid Sources of Contamination

Ecolab's solidifier portfolio offers differentiation in safety and performance

CLOSED SYSTEM SOLIDIFIERS

- ▲ Innovative closed system delivery to ensure worker safety by eliminating splashing and/or exposure to fluids
- ▲ Eliminates the need to open the pour spout on most suction canisters

SUPERIOR SOLIDIFICATION PERFORMANCE

- ▲ Improved solidification time reduces OR turnover time
- ▲ Unmatched solidification uniformity ensures complete solidification of all fluid waste material

SOLIDIFIERS

ISOLYSER® LTS-PLUS™ (EPA Reg. No. 1677-229)

- ▲ EPA-registered antimicrobial product for medical waste treatment
- ▲ Provides exceptional fluid encapsulation with the benefit of antimicrobial treatment
- ▲ Saf-T-Top™ closed delivery system to ensure worker safety

ISOLYSER® ISOSORB™

- ▲ Quickly solidifies infectious liquids for safe disposal
- ▲ Saf-T-Top™ closed delivery system to ensure worker safety

ISOLYSER® ISO-QUICK™

- ▲ Economical yet highly effective solution
- ▲ Simple and easy to use screw-top packaging configuration
